

## Water Well Standards: San Joaquin County; Appendix E; Formation Testing (Classic Reprint)

Filesize: 2 MB

### ***Reviews***

*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Water Well Standards: San Joaquin County; Appendix E; Formation Testing The Preliminary Edition of Bulletin No. 74-5, Water Well Standards: San Joaquin County, was published in March 1965. In July 196, results of an extensive ground water quality investigation were published in Bulletin No. 146, San Joaquin County Ground Water Investigation. Certain parts of the Preliminary Edition of Bulletin No.74-5 were updated and revised because of findings of the ground water study. Chapter II of the Preliminary Edition, entitled Ground Water, has been updated in this Final Supplement as Chapter I, Ground Water. The portion of Chapter IV in the Preliminary Edition entitled Supplemental Standards has been revised and is presented here as Chapter II. Specific Standards for San Joaquin County. Chapter V of the Preliminary Edition, entitled Conclusions and Recommendations, has been revised and is included as Chapter III, Recommendations. The General Standards portion of Chapter IV of the Preliminary Edition has been replaced by the provisions included in Chapter II, Standards in Bulletin No.74, Water Well Standards: State of California, published in February 1968. The remaining portions of the Preliminary Edition did not require revision and therefore are not repeated in this Final Supplement. Chapter II. Specific Standards for San Joaquin County of this Final Supplement presents standards supplemental to the statewide standards and peculiar to San Joaquin County. These standards, together with the statewide standards, are intended to serve as guides for those engaged in the construction of water wells or in the regulation of water well construction and destruction in San Joaquin County. Because effective protection of the ground water resources of San Joaquin County cannot be achieved without assurance...
