COMMON SENSE IN FOREIGN POLICY (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Common Sense in Foreign Policy The germ of this little work lay in a series of articles contributed to the Daily Graphic in the summer-autumn of 1903, entitled Empires of the Future. The predictions ventured upon, in these sketches of the trend of history-in-the-making, have been somewhat closely fulfilled - as any curious person may see for himself by reading the articles in the Daily Graphic for the period mentioned. This coincidence is only cited as some excuse for my producing at this juncture a more elaborate work, dealing partly with actuality, but almost more with futurity. The reader will find neither the text nor the maps presenting the political delimitations of the world as they would appear in an accurate work on geography issued in the winter of 1912-3. The author's forecast of the probable frontiers in the Balkan Peninsula will, perhaps, not accord with the immediate settlement under discussion at the Conference now sitting. Bessarabia may remain for some time yet under the Russian flag, Ruthenia under that of Austria; Poland is still a province of Russia, and the Philippines are a dependency of the United States; Germany and France have not yet come to terms in regard to the Lorraine frontier and Luxemburg, nor is Germany the acknowledged mistress of a Congo Empire or the most potent State in a great confederation of Central European kingdoms. But such things as this book forecasts may well come to pass, and it is not unprofitable that we should consider how our own action may assist or retard them and in what way the British Empire would be affected by this and that redistribution...
