Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from Sporting Notes in the Far East I am no hand as an Author; but this little volume compiled from my shooting journal, is penned for the use of kindred sport-men in the Service, as a Guide to portions of the Coast shooting on the China Station. The greater part is written from my own experiences during three years spent in Far East, with a few additional notes kindly supplied by brother officers. I am in hopes, from the information contained, that on a ship going to a strange port, it will partially obviate all the valuable time lost, and the labour expended, in looking for places where game is likely to be found; which spots, in a great many cases, are only discovered a day or two before the vessel sails and when too late! To a few of the discriptions of the several places I have attached a small map, depicting the most probable ground on which to find sport. Again, as at some harbours little incidents have occasionally occurred which might prove interesting to some readers, I have related them at the end of the shooting directions for those places.
