F.A. Davis Company, 2011. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Here's the in-depth information you need to be a safe and effective prescriber of medications. This exceptional text builds your knowledge of pharmacology by first providing an overview of pharmacologic principles and then teaching you how to apply those principles to clinical practice. Focusing on applying pharmacologic scientific knowledge to clinical practice, it explains diagnostic and treatment reasoning and rational drug selection, while providing useful clinical pearls from experienced practitioners. The use of a Rational Drug Selection process enables you to understand how to prescribe the right drug for the right patient at the right time! Updated to reflect the most recent scientific knowledge and clinical practice in the field, the 3rd Edition provides the same great content from the first two editions with even more of what you need.
