Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Juliet Mertz)

THAT FINE ITALIAN HAND

Holt Paperbacks, 1991. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "More than four years after the financial meltdown devastated the economy, our banking system remains resistant to reform and riddled with risk. The Bankers' New Clothes challenges us to question the status quo and to think anew about the transformative changes in banking that are needed to serve the public interest. This work should spur a long-overdue debate on real banking reform."-- Phil Angelides, chairman of the Financial Crisis Inquiry Commission "Providing a sound analysis of the role of banking and its regulation in the public interest, The Bankers' New Clothes is free of technical jargon and widely accessible to all policymakers and all who are concerned about banking's future, which is virtually everybody. The book's clear exposition conveys a deep understanding of the pervasive place of banking in the economy and stands in opposition to the self-interested forces of obscurity."-- Kenneth J. Arrow, Nobel Laureate in Economics " The Bankers' New Clothes underscores that there is perhaps no reform more important and central to a stable financial system than capping the ability of financial institutions to take excessive risks using other people's money."-- Sheila C. Bair, author of Bull by the Horns and former chairperson of the U.S. Federal Deposit Insurance Corporation (FDIC) " The Bankers' New Clothes accomplishes the near impossible by translating the arcane world of banking regulation into plain English. In doing so, it exposes as false the self-serving arguments against meaningful financial reform advanced by Wall Street executives and the captured politicians who serve their interests. This revelatory must-read shreds bankers' scare tactics while offering commonsense reforms that would protect the general public from unending cycles of boom, bust, and bailout."-- Neil Barofsky, author of Bailout "Anyone interested...
