

## Core Concepts for USMLE Step 2 CS: A Focused and Goal-Oriented Approach

By Umesh Sharma MD

Createspace, United States, 2010. Paperback. Book Condition: New. 252 x 178 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.I wrote this book, because I could not find a book that carefully integrates core clinical concepts with the content of CS Exam. Sure, there are many books on the market, but these books are crammed with every possible detail and present a strategically unbalanced approach of preparing for the USMLE Step 2 CS. If you ask me what kind of book I personally like, my favorite book is simplified, concept-oriented, and focused on passing the exam. I cannot emphasize enough that CS exam has three components that you need to pass separately. Try to balance your preparation so that you are not tipped over to one aspect while leaving loopholes on others. You are welcome to use the mnemonics if you are comfortable with, but exam circumstances can subtly change making your mnemonics planned time wastage. You should empower yourself with a wealth of knowledge and skills in such a way that you do not flap over with common clinical encounters tested in CS Exam. This book is written in the form of lectures and practice sessions....

### Reviews

*Most of these publication is the perfect ebook accessible. It is amongst the most awesome publication i have got read through. You wont truly feel monotony at whenever you want of the time (that's what catalogs are for regarding in the event you request me).*

-- **Prof. Edgar Kshlerin**

*It is easy in study safer to comprehend. It can be writter in basic phrases and never confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Emmitt Harber**
