Filesize: 6.91 MB

Reviews

An exceptional publication as well as the font employed was exciting to see. it was actually writtern extremely flawlessly and helpful. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Dominic Collins)

THE SOCIOLOGY STUDENT WRITER'S MANUAL

Pearson Education / Prentice Hall, 2002. Soft cover. Book Condition: New. 3rd Edition. From the Inside Flap: TO THE STUDENT This newly revised, third edition of The Sociology Student Writer's Manual is written to help you become a successful student. Successful students, like successful social scientists, are competent writers. As sociology students, we observe social institutions and behavior. We write to record what we observe, to explain what we record, and to defend what we explain. As citizens, we write to take part in making decisions that direct our nation, our community, and our private lives. From the Declaration of Independence to the Emancipation Proclamation, from the United Nations Charter to President Kennedy's Inaugural Address, writing has brought us the freedom we enjoy today. The Sociology Student Writer's Manual is designed to help you do two things: (1) learn how to research and write in sociology and (2) improve your writing ability. These objectives are addressed in the four major sections of this book. The Introduction explains what sociology is all about. Intended for both first-time and experienced sociology students, it offers a basic historical orientation and a challenging account of current theoretical perspectives in the field. Part I, A Handbook of Style for Sociology, addresses fundamental concerns of all writers, exploring the reasons we write, describing the writing process itself, and examining those elements of grammar, style, and punctuation that most often cause confusion among writers. It also explains the importance of formatting the research paper properly the title page, table of contents, and so on along with citing and referencing sources using the American Sociological Association's Style Guide. A vital concern throughout Part I, and the rest of the book as well, is the three-way interrelationship among writer, topic, and audience. Our discussion of this relationship aims at building your...
