Brand New Book ***** Print on Demand *****.Man and women are completely opposites in many areas, especially when it involves relationships and dating, the scenarios in Memoirs of a Gentlemen brings forth the raw essence of such. The book opens with the First Encounter which takes place in a social lounge when KD notices a beauty woman at the bar and attempts to stimulate her mind mentally. Once feeling comfortable and secure her friends decides to call it a night and head home. Overwhelmed by his smooth charisma and intellectual conversations Jalisa extends the evening by inviting KD back to her apartment. Your typical first date, but within thirty seconds of a conversation it is evident that a woman knows if she is going to sleep with a man or not. A compilation of various personalities and perceptions, centers the development for each scenario. Every situation presented in the memoirs involves critical thinking and weighing out the importance for maintaining a relationship. From interviewing a variety of males and understanding their personality traits, Martez was able to highlight the interior communication issues men and women encounter. The memoirs demonstrate the psychological structure of males, and allow the readers to receive a simple grasp on the cognitive thinking of men.
